Ready for Our Exhibition

In addition to a largely increased prize list, the directors of Lacombe Agricultural Society have secured for this year a splendid line of platform attractions, and patrons are assured of high class entertainment, such as has never before been seen here. The principal events are:

Bassett & Bailey in great hand to hand and head to head Balancing Act, and other sensational feats.

The De Waldo Duo, wire walkers, contortionists and novelty bicycle and unicycle turns.

McCune & Grant Trio, Comedy bar performers, in acrobatic performances.

Miss Henderson and her trained troupe of dogs, a great hit with the children.

The Sensational Fred Beckles in death-defying sawing 85 ft. pole act, one of the most thrilling events ever brought to the West.

Then there will be parade, in which all the stock competing in the exhibition will be paraded before the grandstand.

The mid-way will also be something out of the ordinary. The Great Kegel shows, well known in Lacombe, will have charge of the midway, and will provide plenty of excitement for people young and old.

Catalogues and all information relative to the Exhibition may be procured from D. P. Chisholm, Secretary-Treasurer.

CORRECTIONS IN PRIZE LIST

There are no prizes offered by the Alberta Shorthorn Breeder's Assn. In Miscellaneous, item No. 107 should read "Ghata Glass Picture," not "Pitcher," as printed. There is also a prize for "Water Color Painting."

AGRICULTURAL SOCIETY DIRECTOR'S MEET

A meeting of Directors of the Agricultural Society at which were present: H. Frame, J. MacDonald, Bob MacKenzie, T. Wilkes, H. Wilson, W. Swanson, D. Hay, S. M. Murray, R. B. Thompson, W. J. Taylor, G. DeLong, J. MacKenzie, D. MacDonald and D. P. Chisholm was held in the secretary's office on Tuesday afternoon.

Minutes of meeting of March 21, 1931, were read and approved on motion of DeLong and J. MacKenzie. Moved by J. MacKenzie and DeLong that A. Belcher, D. MacDonald, Joe Taylor, D. Hay, E. C. Chapman, C. F. Demron, Jack MacDonald, T. Wilkes, R. MacKenzie, S. M. Murray and Bert Thompson be a Sports Committee for Fair days.

Moved by Thos. Wilkes and Jack MacKenzie that they engage Langbell for two days this year to furnish the music. Moved by Geo. DeLong and Murray that Thos. Wilkes and Bert Thompson make arrangements to put the dance floor in good condition. Moved by J. MacDonald and Taylor that T. Wilkes, Bob MacKenzie, J. Biglands and John Reeves be a committee to arrange for horse races and sweepstakes. The same races to fill in an hour's time each of the two afternoons.

Full Time Health District Organized

A meeting of the Board of the newly established Full Time Health District, which includes Lacombe, M.D. Crown and other adjacent municipalities was held on Tuesday, and was most representative. Various matters in connection with the scheme were discussed, and every effort will be made to make the scheme of great benefit to the people of the district.

Mr. G. T. Jackson is Chairman of the Board, with Mr. S. Bentley, Red Deer, Secretary. Meetings will be held every three months. The objects of the Health District are: Bonafide residents of the district are entitled to all the benefits offered, including periodic health examinations of school children, vaccinations, inoculations, home nursing classes, and the organization of junior health leagues will be carried on through the schools. Pre-natal clinics will be held from time to time at such places as may be arranged. Life extension examinations will be conducted by the medical health officers at the same places and times as the pre-natal clinics. Child Welfare clinics for children of pre-school age will be held in accordance with suitable time tables.

The staff of the Health District consists of a District Health Officer; a Graduate Registered Nurse; a Sanitary Inspector, and a Secretary-Treasurer.

A further explanation of this scheme will be published in future issues of the Western Globe.

Manitoba Farmers Properly Gypped

The Murray charges against the managers of the Manitoba Pool Elevators were sustained by the Royal Commission. It was found that the system was most extravagantly operated, there were excessive overages, there was underweighing and undergrading, hundreds of thousands of dollars were spent in propaganda, and in one circular got out farmers were led to believe that they would have a return of \$124 on each \$2 they invested. Thousands fell for it. If there was any other scheme by which the farmers of the

Pool could be gypped those in charge did not think of it, so Manitoba Wheat Pool members should be thankful for this small mercy.

Meadowbrook News

A large number of people gathered at the home of Mr. and Mrs. Sandy Ogilvie on Wednesday, June 10th, to celebrate Mr. and Mrs. D. Ogilvie. A pleasant evening was enjoyed and a delicious lunch served, after which everyone left wishing the couple the best of luck.

On account of the Rose Picnic being July 1st, Mrs. Farnham wishes to postpone the Club meeting until Saturday, July 4th.

Sorry to hear Mrs. Wm. Sharpe had to return to Lacombe again, but we hope she will soon be well enough to come home.

Frank Crawford is going to run a boat from the north end of Gull Lake to Aspen Beach this summer.

The organ that the Young People's Bible Class wanted so hard for under the leadership of Mrs. D. W. Ford will remain in the school house and another organ is being sent up from Calgary by Rev. Dr. Powell.

Remember the picnic on the church grounds, July 1st and the Club picnic at Chris Anderson's on July 10th.

Unsatisfactory Water Supply

There is a great deal of dissatisfaction in Lacombe over the water being supplied by the waterworks department of the Power Co. We in Lacombe have always had a good supply of soft water from deep wells, and these deep wells are still delivering soft water which proves that the supply is still available. The water now being supplied is hard, and getting harder every day, and we think, if possible, the council should take the matter up with the power company and see if this state of affairs cannot be remedied. Citizens are paying very heavy for the convenience of having water laid in their homes, and we think should receive some consideration. A feeble attempt was made a few weeks ago to shut out the surface water from the reservoir, and the water was fairly soft for a short time, which should show the powers that be that soft water is to be had. Of course, there is nothing in the town's contract with Calgary Power Co. guaranteeing soft water, but we think that if an effort was made, the company could be prevailed upon to sink a new well. A number of citizens have already shut off the town water and reverted to their private pumping outfits, and many more will follow suit if present conditions continue.

Edmonton Exhibition

On Monday, July 13th, His Honour Lieutenant Governor Walsh will preside at the official opening of Edmonton's 53rd annual Exhibition. While this event is essentially a farmer's fair, and agriculture in its various forms are given the place of prominence in the prize list and programme, the finest entertainment ever offered Exhibition patrons has been secured for the Edmonton Exhibition.

New grand stand attractions include the Fiesta of 1931, a magnificent costumed musical revue, with Prof. Smith's Scotch Highlanders' Band and a score of girls chosen for their individual beauty and professional ability. Morris & Max, the crazy couple, Denny Curtis's famous trained animal show, the Wan Wan San Chinese troupe of fourteen of the most agile and clever acrobats that ever visited America, the Lucky Boys, Billy Lorette the happy clown, 6 days of running horse races, and a magnificent programme of fireworks on two nights, Wednesday and Friday, combine to make up a week's entertainment that will please all tastes.

Over 30 teams have indicated their intention to enter in the basketball tournament; these teams are from points outside of Edmonton, no city team being allowed to compete. While entries for the horseshoe pitching tournament are taken up to within the hour of play, many inquiries are being received for information and rules, etc., from prospective competitors.

The Exhibition Association announce an advance sale of tickets, at 3 for \$1, the regular price being 50c each. This sale closes July 11, and tickets may be purchased by mail from the Edmonton Exhibition Association.

Wasting Money

According to reports of the Bible Society, millions of Bibles are being printed yearly. The bookstores throughout the country report only a very few are ever sold, and that the average individual seldom buys one. Where they go is explained by the fact that in the lonely places of the world, where the missionaries are hard at work, five Bibles may be found to each inhabitant, and pretexts are heard that in these remote places the people with an over supply of Bibles are lacking in more material nourishment.

ENJOYABLE SHOWER

On Monday evening, June 22, a very enjoyable shower was held at the home of Mrs. W. Teward, in honor of Mrs. N. McCallan, formerly Miss Lily Grierson. In token of the good wishes of the circle, gifts of flat silverware were

presented to the guest of honor. A dainty buffet supper was served.

Those present were: Mrs. M. Healy, Miss M. Fawcett, Miss S. Cameron, the Misses Prissell's Miss C. Douglas, Mrs. B. B. Smith, Mrs. B. Such, Miss M. Dunlop, Miss M. Watt, Mrs. R. B. Layton, Mrs. J. H. Thompson, Miss E. I. Sims, Mrs. W. Clarke, Miss C. Danner, Mrs. W. Morrison and family, Miss I. Grierson, (Red Deer), Miss M. Teward, Miss S. Bradley, Mrs. H. Avery.

Clive News

During the past week this district has had a greater precipitation of rain than it has received for several seasons.

Rev. N. Hughes, pastor of the Clive circuit for the past four years, having received a call from Kitchissippi, is leaving at the close of the School examinations, July first. The farewell services will be conducted at Spring Valley, Sargent and Clive United Church.

Under the auspices of the Nebraska Ladies' Aid and congregation a social will be held at Nebraska school on Thursday, in honor of their pastor and his family.

THE CHURCH OF ENGLAND IN CANADA

Diocese of Calgary
St. Cyprian's Church, Lacombe
Rector: Rev. T. H. Chapman
June 28th, 4th Sunday after Trinity
10:00 a.m. Sunday School
11:00 a.m. Morning Prayer
7:30 p.m. Evening Prayer.

Saturday, June 27th.
The Annual Sunday School and Congregational Picnic will be held at Aspen Beach. All are asked to assemble at and leave from the Church at 1:30 p.m. Those with cars could help very much by providing transportation for those without.

June 30th-July 4th-The Fifth Annual Diocesan Summer School will be held at Banff. Have you registered yet? This is an opportunity of spending an inexpensive holiday in one of Canada's most famous beauty spots.

Sunday, July 12th. A Special Service will be held in St. Cyprian's Church for L.O.L. No. 1690, together with members of visiting lodges. Please note that this service will begin at 7 p.m. instead of 7:30.

Football

The past week has seen two more defeats of the Lacombe Footballers, both to the credit of Ponoka. The combination of Spinks and Matthews was responsible for the lone goal scored on the home grounds last Saturday evening after the heavy rain. The Ponoka goalie made some excellent saves.

At Ponoka on Tuesday evening, a much inferior team was beaten three goals to nil, Mitchell doing all the scoring, and all Ponoka forwards making themselves dangerous, due to their splendid combination.

The next League game at Lacombe is against Red Deer, on Monday, June 29th.

Baseball

It was a real game of baseball that was played on the local diamond on Tuesday evening. Blackfalds defeated the Lacombe team by a score of 9 to 7, which was not so bad, being that Tuesday's game was the first one played by the local team this season. Lacombe has a real good team, and possesses some excellent talent. After a few more practices and games, we should have a team that would be hard to beat. Watch for announcement of next game.

Elkhorn will play Lacombe on the local diamond on Wednesday evening next at 6:30.

Dances at Bentley Every Friday

It will be good news to the dancers of the district to know that there will be dances held every Friday night in Bentley Community Hall. This beautiful hall will be especially decorated for these dances with Jap Lanterns and Parasols, etc., and the effort will give the hall a real oriental appearance. Subdued lighting, both "hot" and dreamy dances will make it hard for anyone to refrain from dancing. This hall will no doubt prove popular with people from the cities holidaying at Gull Lake. The highly polished hardwood floors will appeal to all dance lovers, and the hall will accommodate over a hundred couples without crowding. The Lacombe Star 5-piece Orchestra has been engaged to play for these dances. This orchestra is undoubtedly the best known and most popular dance orchestra in Central Alberta. With a wonderful floor, excellent hall and snappy orchestra—what more could be desired.

Mrs. S. Pierce Dies

After a lingering illness, Mrs. S. Pierce, for many years a resident of Pleasant Valley, but for the past five years residing with her daughter, Miss Elizabeth Pierce, R.N., Victoria, B.C., died at that city on Sunday last, aged seventy-five years. Her husband pre-deceased her several years ago, and with the exception of Miss Elizabeth, she has no close relatives in the west. The funeral was held at Lacombe on Wednesday, the services being conducted by Rev. R. B. Layton.

REDUCTION IN OILS AND KEROSENE

The Imperial Oil Co., the British American, and other companies operating in Alberta announce a five cent. per gallon reduction on tractor kerosene and 16 per cent reduction on lubricating oils. The reduction will apply until the end of the thrashing season. The reduction is made possible by the recent recessions in the price of crude oil. The new price will average 16.3 cents per gal., the lowest price at which it has been sold.

Look in the classified pages of your phone book under "General Motors" for the address of the nearest dealer.

GENERAL MOTORS CARS HAVE OUTSTANDING VALUE

World's Grain Exhibition and Conference

REGINA 1932

Farmers Will Win \$210,750.00 in Prizes

The World's Grain Exhibition and Conference offers Canadian farmers an opportunity to share in cash prizes amounting to \$210,750.00. Compared in 25 competitive classes, open to the whole world, are 1,701 cash prizes. A few of the major awards follow:

- \$2,500 a first prize for 50 pounds of wheat, 30 pounds of oats.
- \$1,500 for 40 pounds of barley, 50 pounds of rye.
- \$ 800 for 10 tons of corn.
- \$ 300 for 30 pounds of peas, 30 pounds of flax, 20 pounds of clover.

With this splendid opportunity before them, Canadian farmers should keep a watchful eye on the growing crops they should mark for special care those areas that appear most promising.

It should be understood that all seed and grain samples, if they are not already selected, will have to be made in crops of this year. All exhibits must be received by the Exhibition authorities on or before March 1, 1932.

Of vital importance to the advancement of Canadian agriculture will be the winning of World Championships in 1932 by farmers of Canada. Their seed and grain exhibits must demonstrate to the world the quality of Canada's field crops.

Select the classes from the prize list most suited to the crop you grow, then select your samples from the best you have.

It is best to make your entry NOW.

Your sample for exhibit must be in the hands of the Secretary at Regina on or before March 1, 1932.

Valuable information relating to the preparation of grain and seed for exhibit may be secured by writing to the Secretary of the Provincial Committee, World's Grain Exhibition and Conference, care Department of Agriculture, your own province.

Show what you grow and share what you know

On application, the Secretary, World's Grain Exhibition and Conference, Imperial Bank Chambers, Regina, will send you price lists, rules and regulations governing competitive entries and all other information.

Crop News and Prices

In spite of the improvement in the western Canadian crop outlook through the rains of the last few days, which has been most marked in Alberta, the market weakened only slightly yesterday. It was reasonable to expect it to show a sharper advance on the news that had been previously coming from these provinces and when it did not do so there were fears of a precipitate drop if conditions here became more favorable. But the American government's report for June 1 was an offsetting influence. While it showed that the winter crop, harvesting of which has commenced in the extreme southwest, has undergone little deterioration, the prospects in the spring states are considerably poorer, the condition there being the lowest ever recorded at this date.

There has also been increased purchasing by importing countries in recent weeks and existing stocks have been accordingly lessened. The statistician of the dominion grain board announced that the shipments from Canada during May were higher than those of any month since December, 1928. It is a most unusual experience to have so large a movement at this time of the year, and it has a good deal of significance. Though June has so far not kept up with May, there are grounds for hoping that the Canadian carry-over July 31 into the slow crop year will be considerably less than was anticipated a little while ago. The stored total at the end of May is estimated by the statistician at 14,500,000 bushels under that at the same date in 1929, in spite of country deliveries of 7,000,000 during the month.

The head of the American farm board, James C. Stone declared yesterday that he was still bullish. At the end of last week he expressed the belief that "chances for improvement in the general world level of wheat prices are three to one against a further decline." With so much new wheat in his own country about to come on the market that will intensify the problem that he is facing, his optimism is all the more noteworthy. He would hardly give expression to it, if he thought there was much immediate danger of having his reputation as a prophet suffer.

Sombre View of Russia

One of the worst phases of Bolshevik rule in Russia is the complete suppression of personal freedom. An entire nation of 160,000,000 people is dominated by fear and paralyzed by the terror of the secret police maintained by Stalin. This system of rule by fear shows no sign of abatement. It has become a permanent institution.

More light is thrown on this oppressive system of general oppression and punishment without fault by Dr. Von Theodor Seibert, a German journalist, who spent four years in Russia as correspondent for a group of German newspapers and left there in 1929. He lived in Moscow and travelled through all parts of the country including Siberia. He has just published a book on his experiences, and his impressions are not flattering to the Soviet regime.

The secret service maintained in the days of the Tsars has been greatly extended by the Soviet leadership. He calls it medieval and declares it overhangs the fate of every Russian. Most of the arrests are made during the night. Political prisoners are allowed no legal defence and cannot communicate with their friends. They are not told of what they are accused and usually are condemned without trial. Their executions are carried out in secret and even their burial places are unknown.

Dr. Seibert denounces foreign visitors who spend a couple of weeks or months in Russia and then write glowing accounts of conditions which they know nothing about. He condemns labor delegations who are entertained in princely style and only see what they are meant to see. He is of the opinion that the Russian experiment will fail because it is impossible to convert 160,000,000 persons into obedient slaves without any will of their own, and that Stalin and his lieutenants cannot now withdraw from the blind alley into which fate has led them.

A book written by Prof. Calvin B. Hoover, an American educationalist, also deals at length with the Russian secret police system. In a review of this work, the London Times says that the spy system has another effect besides paralyzing initiative and responsibility. It furnishes the means for gratifying the peculiar jealousy which Communism encourages. Communists abjure wealth and have been much praised for it but they require some other motive for efficiency. The struggle for power has replaced the struggle for wealth and by denouncing a rival to the G.P.U., a Communist may gain credit for himself and ensure the downfall of the other. The "chekists" are now used in every institution in Russia "to give full rein to suspicion, envy and sadism." Nor is the bad feeling confined to the Communist party, which numbers some 1,400,000 members. They occupy all the important posts, but treat their subordinates no better than persons similarly placed in the capitalist world. There are no signs of increased brotherliness among the industrial workers. "Rarely does a smile or hear a laugh," a general air of irritation is prevalent.

Bennett's News prints the following letter which an Oklahoman wrote to his banker when pressed for payments on a note. It has much food for thought, and is worthy of consideration:

"It is impossible for me to send you a check in response to your request. My present condition is due to the effects of Federal laws, state laws, county laws, corporation laws, by-laws, brother-in-laws, mother-in-laws, and outlaws that have been foisted upon an unsuspecting public. Through the various laws, I have been held down, held up, walked on, sat on, flattened and squeezed until I do not know where I am, what I am or why I am.

"These laws compel me to pay a

merchant's tax, capital tax, stock tax, income tax, real estate tax, property tax, auto tax, gas tax, water tax, light tax, cigar tax, street tax, school tax, syntax and carpet tax.

"The government has so governed my business that I do not know who owns it. I am suspected, expected, inspected, disrespected, examined, re-examined, until all I know is that I'm supplicated for money for every known need, desire or hope of the human race, and because I refuse to fall and go out and beg, borrow and steal money to give away, I am cursed, boycotted, talked to, talked about, lied to, lied about, held up, held down, and robbed until I am nearly ruined; so that the only reason I am clinging to life is to see what the hell is coming next."

Here and There

Pictou lobster fishermen are trying a new venture in shipping lobsters to Boston, Mass. Recently a carload valued at \$4,000 went through by express over Dominion Atlantic Railway lines to Yarmouth, being shipped thence to Boston.

Lovers of wild life will be glad to hear of the establishment of a second Bird Sanctuary in Canada, to be situated at Bird Haven Farm, by John W. Piggott, Bridgetown, Nova Scotia. It will be located in the heart of the beautiful Annapolis Valley.

The first radio broadcast in history of musical entertainment from a steamship in motion, sent over a network of Canadian and United States land stations, was carried through successfully as the Empress of Britain was sailing up the St. Lawrence on her maiden voyage from Cherbourg June 1.

All records for the St. Lawrence route to Europe were shattered when the new Canadian Pacific liner Empress of Britain, 45,000-ton flagship of the company's Atlantic fleet, made the run from Cherbourg to Father Point in four days, nineteen hours, on her maiden voyage May 27-June 1.

"The train ride from Vancouver to Banff is the most wonderful I have ever taken," was the comment of the much-travelled and famous writer J. B. Priestley, of "Angel Pavement" and "The Good Companions" fame, interviewed recently at the Banff Springs Hotel. "The parts are too wonderful to describe," he said, and added he was coming again in September for the trail riding.

The Shield for efficiency among the four Canadian Pacific liner Empresses of the Pacific, donated last year by E. W. Beatty, chairman and president of the company, was presented for the second time at Vancouver recently to Captain A. J. Hosken and the ship's company of the Empress of Russia. During the presentation the gathering was entertained by the broadcast from the Empress of Britain, over 3,000 miles away, steaming down the St. Lawrence.

Definite promise of an international travelling Art School with headquarters to be established at Banff in 1932, or at one of the Banffaloe Camps in the Rockies, has been given by Tom Hall, prominent London, England, artist who has been assured by a number of his conferees in England that they would join him in artistic exploitation of the scenic wealth of the Canadian Rockies.

Travelling by Canadian Pacific special train from Toronto to Victoria and return, over 100 members of the Canadian Manufacturers' Association held their annual general meeting early in June and took the opportunity to make a Trans-Canada tour, including Winnipeg, Regina and Saskatoon, where they conferred with local industrialists and were given provincial welcomes. The meeting coincided with the 50th anniversary of the entrance of British Columbia into Confederation. (14)

The Crime of the Suicide

Apocryphal of the suicide of two Washington pioneers—a man and a wife of 72 and 71 years—the Winnipeg Tribune delivers a little homily upon the stupidity of such an action:

Any tale of suicide is grim and dolorous story because of the utter futility of the act itself. The suicide seems to quit this world because he is not happy in it, because he is afraid of it or because he is unfriendly towards it. He fails to realize that if millions of others are happy in this world, at peace with it, and friendly towards it, the fault must lie, not with the world, but with himself.

While one refuses to condone suicide as a practice, one cannot feel that the issue is not as simple as the Tribune would have one believe. Suicide is not necessarily futile. A man commits suicide when—either because of the circumstances he is in, or because his mind is not normal—the inducements to

kill himself outweigh the inducements to live. Thus by taking his life he is accomplishing something, even if that something is only a negation of conditions which have become obnoxious to him.

The Tribune states that the fault must lie not with the world, but with the man who kills himself. Naturally, in a democracy, where the majority rules!

A recent suicide case throws more than usually interesting light on the question. Ralph Barton, the cartoonist, who committed suicide a few weeks ago, left behind him an obituary. He attributed his action to mental disease, a melancholia of which he was completely conscious, yet which he apparently could do nothing to avert. He stated that he had been happy, successful, relatively wealthy, popular—but that his enjoyment of life had been ruined by his neurotic complaint. There were, apparently, two Ralph Bartons—the one completely sane, watching the deterioration of the other, as the mental disease progressed. It is a condition not unknown to scientists.

It may be that Ralph Barton's crime was to become too engrossed

in himself, and that he could have avoided tragedy by immersing himself in other interests. This, apparently, he attempted to do in vain. There was an evident sincerity about his last explanation.

A case like this presents amazing difficulties for those addicted to moralizing about suicide.

Ghandi is Now Tiresome

Mahatma Gandhi, with his humility, his shaven crown and his loin cloth, is no doubt a man of great virtue. But the continual and ostentatious parade of his virtue is becoming, to the Western mind at least, most hideously tiresome.

To a breathlessly waiting world, Gandhi is it be known that when he visits London in August he will stick to his loin cloth and cotton shirt. Special provision will be made to secure post's milk for him. And while other Indian delegates in London will stop in the best hotels, Mahatma Gandhi will live with London's dirtiest and most picturesque

beggars in a particularly foul east-end home for the poor.

There is divine authority for the belief that the meek shall inherit the earth and that the persecuted shall possess the kingdom of heaven. But surely these injunctions cannot be made to cover the case of a man who deliberately breaks the law to go to jail, who deliberately chooses to grovel in dirt and poverty and who deliberately braves a London fog in a thin cotton dhoti.

So extravagant is the behaviour of Mahatma Gandhi that he has become proud of his baseness, arrogant in his meekness and luxurious in his self-willed destitution. To such extreme has he carried his desire to abuse himself and to merge with the masses that he has become an arriser of commoners.

Gandhi is a very worthy man, a very honest man and a very able man. Thousands of Occidentals sympathize with him heartily. But his poses are boring them to tears.

Calgary Stampede

The Calgary Exhibition and Stampede, to be held July 6th to 11th will be the greatest combined Exhibition and old timers' celebration ever held in the West. The Exhibition will include over 9000 entries, including a wonderful exhibit of live stock. The attractions and special features are the best ever arranged for.

The greatest interest is being taken in the 75th birthday celebration of Mr. P. Burns, Alberta's leading stockman, which takes place on the opening day of the Calgary Exhibition and Stampede.

A committee of Mr. Burns friends is arranging to tender him a banquet at the Palliser Hotel at 6:30 that evening, when an oil portrait of himself will be presented.

A number of new features have been included in this year's Calgary Exhibition and Stampede, the outstanding one being the Grand Live Stock Review to be held Friday morning. Free tickets will be sent to all school children 15 years or under within a radius of 50 miles of Calgary, and teachers residing outside that area may obtain tickets for their students of that age by writing to the Exhibition Manager. Eight prizes will be given away, four to girls and boys 9 years or over and under 16 years, and four to children 8 years and under. Children under school age will be admitted free to the grounds and tickets will be given to them at the grandstand. Adults will pay the regular admission charge to the grounds, but admission to the grandstand that morning will be free to everyone. The high jump will be judged, also the heavy four and six horse teams and the live stock parade will be the finest ever seen in Calgary. The prizes have been donated as follows: purebred Dartmoor pony from the Prince of Wales Ranch by Burns & Company, Shetland pony by North Star Oil Company; two purebred English setter dogs by the Ontario Laundry, Ltd., and a trio of poultry from each of the following: S. P. Barth, C. J. Ford, K.C.C. George Corn and Jas. S. Sibb. An attendance of at least 20,000 is expected to take part in this programme.

Another new feature is the marvellous Bari Chinese Exhibition, which was attended by 150,000 people at the Toronto Exhibition during the past two years.

The entertainment features include The Stampede, the greatest of them

all; Running Races; Band Contest, Stampede Parade; mammoth fireworks display Saturday night; Cowboy and Old Timers' Ball, Friday evening; morning Indian Street Parade; and the special feature production, "The Fiesta of 1931" with over 100 artists.

Special passenger rates of fare and a quarter will be in force from Saskatchewan, Alberta and B.C. mainland points. Hotel or private room accommodation may be obtained through the free Accommodation Booth at the C.P.R. Station. This outstanding event provides an unique opportunity for a holiday at the exhibition and at Canada's beautiful mountain resorts, Banff and Lake Louise.

Exhibition entries close June 20th and Stampede entries on July 2nd. Exhibition prize lists and Stampede prize lists may be obtained by writing to the Exhibition offices, Calgary.

WHAT ANOTHER WAR WILL MEAN

The movement to further the cause of disarmament is receiving the strong support of all those who are in a position to visualize what another major war would produce in the way of death-dealing ingenuity. It is no secret that scientists have discovered means since the Great War whereby quick death may be imposed on the people of an enemy country without any direct risk for those who employ them.

In a recent issue of "John O' London's weekly," Lord Liddell declared that entire cities might be destroyed by new and mysterious explosions immediately before the declaration of war. Everything would depend on what side was able to take the initiative in unleashing agencies of destruction. John Galsworthy, the famous British novelist, has also depicted in vivid terms what another war will mean.

"With the development of air-planes, explosives and poison gases in recent years," he points out, "the men, women and children of any country partaking in a future war seem doomed to creep like rats into a drain pipe. There will be no chivalry, honor, or glory in a future war; no distinction of age or sex, or between the sick and healthy will be no immunity for culture. There will be nothing but flying, invisible shapes, raining death and desolation. The country that indulges in war will become a shadow of its former self and sink down into the pit of the past. This is no cry of alarm, but common sense."

Death dealing machines which can be guided by radio direction either through the air or water from a home base will add to the terror and confusion of another war. The element of combat will be replaced by that of stealth. Battleships will be practically useless and infantry troops a back number, but in face of these possibilities the nations are devoting their entire attention to the question of limiting the number and size of war vessels and armies, factors which may count little in the next war. They are tackling the subject of disarmament from the wrong angle. Removal of causes of war such as national disagreements and jealousies is of more paramount necessity.

Drudgery is an Extravagance

FOR five hours today this woman patiently toiled over a washboard . . . bending, lifting, rubbing . . . doing the things a tireless little Electric Washer can do in two hours. Day after day, she dusts, sweeps, cleans . . . doing things a vacuum cleaner would do twice as fast with half the effort.

With Electricity ever at hand such drudgery is an extravagant waste of time and effort. Hours that now drag slowly by might be enjoyed in doing the things she'd rather do. The woman who wishes golden hours of freedom must first break the shackles of housework. Electricity is ready to help.

The Calgary Power Company representative in your territory can procure for you any item of electrical equipment. He will tell you about the attractive terms upon which you can purchase many electrical appliances—with a small cash payment and the balance on your monthly light bills.

HOUSE FOR SALE OR RENT Mrs. Hume's house for sale or rent on Oliver Ave. Anyone interested kindly call at her residence.

Town Topics

"Whoopee" all technicolor. The picture that took Calgary by storm.

Miss Brenda B. Reed, A.T.C.M. L.A.B., has returned from Toronto, where she has been studying piano and voice, to spend the summer with her parents at the Experimental Station.

Miss Vivian Ellis, who recently returned home from Camrose Normal School has been engaged as teacher for Fuller S.D., which is located seven miles west of Rimbey.

Order of the Eastern star wishes to thank all who by attending the tea at Mrs. Ramsay's home on Saturday last, by assisting in the entertainment helped to make it a success. As a result, a nice sum of money has been sent to the Junior Red Cross Hospital at Calgary.

Miss Gladys Jamieson who underwent an operation for appendicitis a few weeks ago, is home recuperating. After the summer holidays she will return to her school at Hythe, in the Peace River District.

Young married couple wants farm work. State full particulars, Apply Box 268, Lacombe. J25-39

There is a football game in town tomorrow night, Friday, June 30th, between Ugruville and the Experimental Farm.

Dr. Hynes left last week for the Coast where he will attend the Dominion of Canada Medical Convention.

DEATH OF JOHN ADAIR
Another old timer, John Adair, died last night at his home here. The funeral will be held tomorrow morning at 11 o'clock from the Baptist Church.

"THE DAWN PATROL" TO PLAY AT BENTLEY JULY 8
"The Dawn Patrol" featuring Richard Barthelmess will play at the Bentley Community Hall for one night only, Wednesday, July 8th. Come and enjoy the best air picture ever produced. All talking. Admission prices that suit the times, 25c to all.

WATCH FOR THE AEROPLANES

Hundreds of them will be flying around Lacombe on Saturday, July 4th when the L.O.D.E. aggers tag for the Lacombe Public and High School scholarships. If you are interested in encouraging the children, but will not be here on tag day, any contribution you care to leave will be very much appreciated.

Mrs. P. W. Pratt, Regent.

The last of the series of bridge and golf teas for the summer season will be held on Friday, June 26th. The hostesses will be Mrs. Moore, Mrs. Brober, Mrs. Bowtell and Miss Helen Barbour. The first prize for bridge members will be presented on that day. Would like a full attendance of members. Some of the ladies are thinking of re-organizing for the months of July and August. Then in September the usual veranda bridge and golf teas will continue as before.

CARD OF THANKS
Mr. George Hutchinson and family wish to thank the many friends for assistance rendered and sympathy extended in their recent bereavement.

CHANGE IN HOG DAYS
Owing to change in train service, we will take in Hogs on Wednesday only up to 2 p.m. commencing July 1st. A. Gilmour.

Fernies' Dance Hall Opened

Fernies' Dance Hall, now known as the Gull Lake Aquatic Club will open its dancing season on Saturday night. The Aquatic Club Orchestra, a six-piece dance band will be playing there for the season. All who have heard this orchestra at their practices speak very highly of the class of music they play. This hall, which has always been popular should attract many dancers this season. The floor has been put in excellent condition, and the hall has been decorated nicely for the summer. Next Tuesday night the Lacombe High School Bazaar will be held in this beautiful hall, which will give newcomers to the beach an opportunity of dancing there and of seeing for themselves just what a lovely hall it is.

NOTES FROM ST. ANDREW'S
Members of Eureka Lodge, A.F. & A.M., united in worship at St. Andrew's church on Sunday last. Rev. R. B. Layton preached from the text "Let there be Light" stressing the value and importance of light, both in the realm of the physical and spiritual world.

The Sunday School picnic will be held at Meridian Beach on the last Tuesday in June.
The Mission Band will meet directly after morning service and Sunday school on Sunday, June 28th.
Communion of the Lord's Supper will be observed at St. Andrew's Church on Sunday evening, June 28. Preparatory service will be held on Friday evening.

John Hug Is Early on Job

The "Old Reliable" John Hug, who has for many years supplied Gull Lake with milk, cream, vegetables, eggs, and other farm produce

has once more started on his rounds. Mr. Hug has a splendid herd of dairy cattle, which are all tested and certified, and holidaygoers at the lake can rest assured that anything they get from Mr. Hug is of first class order. His dairy itself, is a model one for cleanliness, as any milk or cream bought from him will be absolutely free from any taint or impurity. Order your dairy products from Mr. Hug.

Get Rid of The Troublemaker

Or recent months we have heard a great deal about the professional agitator. Minor disturbances in various parts of the country have been attributed to his influence. It has, indeed, become a fashion to blame almost any breach of the peace upon agitators paid by the Communist Party. A member of the Senate the other day impressed upon that body the necessity to deport such men.

Exaggeration, of course, has played its part. There is little doubt that the professional agitator has not been as successful as rumors would indicate. Much of the trouble has been caused simply by the desire for food on the part of hungry men. Yet there is also little doubt that the professional agitator has capitalized the present situation. Until the community as a whole clamored for something to be done—an action which has already brought the promise of increased Federal assistance—the professional agitator was the only articulate person consistently championing the cause of the unemployed. But—and this is a thing which few unemployed and few others realize—he has retarded rather than advanced the movement to supply men with adequate relief. There is no reason for him to do otherwise.

We do not know for sure in what manner these agitators are paid. We do know that they support the Communist Party of Canada, which is affiliated with the Red Internationale at Moscow, and that it has as its objective complete destruction of the capitalist system and substitution of a socialist state similar to the U.S.S.R. For the furtherance of this objective as much discontent as possible is required. Concessions on the part of the government to the unemployed lessen discontent and therefore lessen the power of the professional agitator. The main policy of such men has therefore been to make demands so radical that they are impossible of fulfillment, and then to point out how the government is unwilling to concede anything.

The average unemployed worker is not greatly concerned with political economy—he is concerned mostly with his stomach. But if the professional agitator appears to be more likely to fill his stomach than the government, he will most certainly throw his lot in with the former. For this reason the promise of rapid action by the government must be welcome to every type of citizen, for to give men food and shelter is so much more effective a weapon against militant Communism than the blows which police have on occasions delivered at men who gathered to talk about the ideas of Karl Marx.

NOTICE Change in Hog Shipping Day

Owing to change in the Train Service beginning July 1st, hogs will be received at Lacombe on Wednesday up to 2 o'clock p.m.; Wednesday at Bentley up to 2:30; Forshoe 2 p.m. every second week beginning June 30th unless otherwise arranged; Rimbey Tuesday and Wednesday up to 1:30 p.m. and Bluffton every Second Tuesday beginning June 30th.
Phone Joe Marshall, Rimbey Buyer.

Bentley, Phone R252, Walter Whitworth, Forshoe Buyer.
Bluffton, Phone R2416, Fred W. Hansen, Bluffton Buyer.

Robert M. MacKenzie, Bentley Buyer.

Prices for Bentley Hogs can be received from Mr. Dee Finch, on Tuesday night.

We will buy all kinds of Live Stock at the above points.

Any Phone Calls to Lacombe can be reversed to MacKenzie Bros.

Signalling Trains Through New Quebec Tunnel

Through a mile-long tunnel, under the historic Plains of Abraham, where Wolfe defeated Montcalm and won Quebec and Canada for Britain in 1759, passengers from the Canadian Pacific Railway Company's palatial White Empress make their first entry into Canada, from the Wolfe's Cove docks, joining the main line of the world's greatest transportation system at St. Malo, thus saving a long trip through local terminals and speeding up their journey to Montreal and their respective destinations beyond. The signal system in connection with the new tunnel is of particular interest, for it not only handles trains through the tunnel and on to the main line, but covers the railway crossings which are made on the way to the tunnel mouth at the land end. A signal cabin on the main line, at the outside of the city, houses the control system. The operator faces a board shown in the top picture, which consists of a number of electric levers for opening and closing switches and also has 20 rotary buttons, for operating the lights of a like number of signals at various points on the trackage covered. By the same board, the operator is able to locate his train or trains at any moment. It will be noted that the control board is practically a map of the tunnel tracks, the numbers on it corresponding to those on the signal posts. The line running down the board is the tunnel and the lines across the top of it represent the tracks of the main line. The signals to engineers from the posts are made by means of red, yellow and green lights, indicating "stop", "caution" and "proceed", respectively. The system was supplied by the General Railway Signal Company, and installed by the C. P. R.'s signal forces.

15 shots Quick as a wink!

This little Stevens sure throws 'em straight and hard, whether you're sighting on a scurrying red squirrel or into a bull's-eye. And notice how smooth and easy the pump! 15 shots, snappy as a trip-hammer. You can't beat the old Visible Loading for dead-eye accuracy, because the barrel's bored like every Stevens barrel—scrapped so smooth that the final cutting removes less than 1/1000 of an inch. That slow, painstaking method gives an accuracy that lasts. And the same care is given to every little detail of every Stevens gun—examine that handsome finish—get the perfect balance as you toss her up. A Stevens is right, from muzzle to buttplate. Finally—the price is right. So low as to be little short of amazing. Ask at your dealer's, or write us for full details of the Stevens line, rifles and shotguns.

Stevens "Visible Loading" is an accurate .22 caliber repeater. You know when it is loaded, and you know when it is empty.

A. M. CAMPBELL'S**Big Day for the Kiddies**

We have a message for the kiddies from near and far that there is going to be the biggest and bestest time ever given for kiddies anywhere, anytime, anyhow. We are told to ask the children of Lacombe and district to begin to save their surplus for their own big time on July 1st at the Lacombe Fair grounds. Not only will the kiddies enjoy the day, but there will be something for everyone from 7 years old to 70 years old, and younger and older than that. No time, labor or expense is being saved to make this a day long to be remembered in the minds of every man, woman and child in this district. The Lacombe branch of the Canadian Legion, which is sponsoring this celebration are working like trojans to make this event the great success that it will undoubtedly be. There will be a midway with local men doing the ballyhooing. There will be football games, races, softball games, and sports of every imaginable kind for both old and young. And best of all, kids, the treats will be on the older fellows. It will not cost a child in this whole country one red cent, and talk about fun—there are committees of men all ready to see that the children do not have an idle minute. There will be pink lemonade, red lemonade and orange lemonade; popcorn, peanuts, candy, ice cream 'n' everything. All that is asked is that every child is there when the big gates open up—then from then on, everything is left to the grown-ups.

THE PROGRAMME follows:

- RACES**
1 Boys, 6 to 8 years, 50 yards.
2 Girl's, 6 to 8 years, 50 yards.
3 Boy's Jockey Race, 50 yards.
4 Boys, 9 to 10 years, 75 yards.
5 Girl's 9 to 10 years, 75 yards.
6 Boys, 15 yrs. and under, 1-2 mile Bicycle race.
7 Boys, 11 to 12 years, 100 yards.
8 Girls, 11 to 12 years, 100 yards.
9 100 yards open, foot race.
10 Girls, 15 years and under 100 yards.
11 Men, over 40 years, 100 yards.
12 16 lb. Shot Putt, open.
13 220 yards, open.
14 1 mile Bicycle race, open.

OTHER SPORTS

- 16 Running long jump.
17 Standing Broad Jump.
18 Hop, step and jump.
19 Running high jump.
20 Tug-o-war, 6 men teams.
21 Boy's Pony Race. Ponies not over 14.2.
Soft Ball, open to girls and mixed teams.
Horse Shoe competition.

5 a side Football.

Intending competitors will please hand in their names to D. Cameron, next Post Office.
In the evening, commencing at nine o'clock there will be a big Jitney dance right on the grounds. The Lacombe Star Orchestra has been engaged to play, so dancers are assured of real snappy music. End the day right by dancing.

At the Avalon**THE BIG TRAIL**

The Fox Movietone production "The Big Trail," which opens to night at the Avalon Theatre has been acclaimed by previewers as the most important contribution to the screen to date.
The story of "The Big Trail" is by Hal G. Evans, famous novelist and authority on the old and new West. It embodies a delightful romance between the leads, John Wayne a youthful discovery of Walsh's who plays the role of "Breck Coleman," a boy who has lived with the Indians and eked out a living as a fur trader and scout, and the girl, Marguerite Churchill, a daughter of the old south who goes over the trail with her brother and sister, the trail which Wayne scouts.

The picture abounds in thrills as would be expected of a faithful narrative of the brave pioneers of a century ago.
We see the start of the wagon train, with a prayer, from the banks of the Missouri River. We see the first night's encampment, the fording of the river, the pioneer wagons bogged in a mud hole, the Indian attack on the wagon train, the truly thrilling cliff scene, the buffalo hunt and the end of the trail in the pioneers' "Valley of Dreams."

It is a picture for fathers, for mothers, for the kiddies; in fact for everyone. Do not miss this picture. It is truly a wonder production.
New prices starting Thursday, Friday and Saturday. Adults 50c, including tax. Students and children under 16 years, 25c.
COMING
Jack London's greatest story "The Sea Wolf." July 2nd, 3rd and 4th.
"Whoopee," July 9th, 10th, 11th.
"Men of the North," July 16th, 17th, 18th.
"Just Imagine," July 23, 24, 25. All Specials.

Monday 8:00, Young People's Service.
Wednesday 8:00 Choir Practice.
Thursday 8:00 Prayer Service.
Ever your welcome.

Salvation by Starvation

The Rev. S. J. Waterman, pastor of a Grande Prairie church, stated in a recent sermon that it would be a spiritual calamity if the depression ended too soon. Times of economic want, he pointed out, are times of spiritual gain. The Peace River area he told his congregation, was on the verge of a great spiritual revival. Clergy and ministers of all denominations have been insisting that relief be given men who today are unemployed and they have shown that they have become fully aware that something must be done. Therefore it is a little disappointing that any of their number should take such an attitude as this.

The driving of people into the fold by hunger and privation is a Calvanistic doctrine which surely can have little influence in a relatively enlightened community. There is something of the relentless Jehovah of the Old Testament—who visiteth the sins of the fathers upon the children—about a God who would have people driven to worship of Him by hunger. A very efficient God, no doubt, but not very compatible with the tenets of Christianity. Men driven to worship by hunger probably have to be kept hungry in order to retain their religious fervor. And hungry men don't last long. And in the meantime Rev. Waterman is no doubt getting three meals a day.

More Assisted Immigrants

We take the following article from a newspaper published at Golspie, Scotland, "The Northern Times," for Southernland and the North, dated a month ago. It will be quite a surprise for readers, especially as the new settlers are apparently of the needy class. Here's what the paper says:
"FREE PASSAGES AND FARMS IN CANADA"
"Canada is still finding employment for British settlers, but they must be the right type. Young lads not over 18 years of age, or, on the other hand, fathers with large families and born to the plough, are good for immediate jobs. A number of deserting families for whom it has been a struggle to make a living in this country, have been granted free passages from Glasgow by the Anchor-Donaldson liner Athena which sailed on Friday of this week for Quebec

and Montreal. Farms in New Brunswick, are ready for these families to go into, while a party of young lads sailing in the same ship are guaranteed free tuition in agriculture with a small commencing wage and board at homesteads in the Regina district. Amongst the families are some splendid types from Banffshire and Aberdeen shire with 8, 9, and 10 members of a family.

FARMERS

Any farmers in the district requiring men for farm work (either married or single) are requested to apply to Secretary-Treasurer of Town of Lacombe.

**DAVID HAY Men's Wear Lacombe**
Cleaning, Pressing and Repairing, Promptly Done.**CENSUS NEEDED OF UNEMPLOYED**

About this time last year Premier Brownlee announced that in order to protect against the influx of unemployed from other provinces all men out of work in Alberta would be registered. After due notice had been served, no outsiders would be given relief in Alberta.

It is apparent that, if that plan had been carried out effectively, the province and municipalities would be in a much better position today. The administration of relief could have been placed on a definite basis, and the burden would have been much less. Men have been coming into Alberta on nearly every freight train for months on end and now

are part of Alberta's present army of unemployed. Six months' residence or even less establishes a claim of sorts on civic relief and a right to participate in civic work. It is late in the day to inaugurate a complete registration of the unemployed, but it should be done. The place of origin of the hundreds of men who have drifted into Alberta in recent months should be ascertained, and steps taken to restore them to their last scene of employment. It is there they have a direct claim to relief and work.

Any man who cannot give proof of having been employed in recent years should be regarded as a permanent idler, and in the cases of foreigners in like position whose coming here is of recent date, their care should be directly charged to the agencies which brought them into the country. It is time for a systematic enumeration of the transient unemployed and a definite allocation of the responsibility for their sustenance. The present unrestrained movement of unemployed from one place to another serves no useful purpose. Instead, it develops congestion in a few centres and consequently an unfair burden. Edmonton is a good example these days.
